Curriculum Vitae: Jan Lebar

I am a creative designer by education, passionately transitioning into the world of programming. I now want to leverage my creative talent and experience to create functional and visually appealing software solutions. With my enthusiasm and hard work, I am prepared to embrace the challenges that programming brings and to create innovative and user-friendly applications.

Education

> University of Ljubljana

I graduated from the University of Ljubljana, Faculty of Natural Sciences and Technology, with a degree in Graphic and Interactive Communication in Ljubljana, Slovenia.

> LJMU

I obtained a Master of Fine Arts (MA Fine Arts) from John Moores University in Liverpool.

> Listaháskóli Íslands

I participated in an Erasmus exchange program during my master's studies at Listaháskóli Reykjavik in Iceland.

Extra education:

In addition to my formal education, I furthered my knowledge by attending DevOps conferences and Python seminars at the Computer Museum. I enhanced my technical programming skills, particularly in PHP, through GO courses. For design improvement, I participated in Emzin seminars organized by the Museum of Architecture and Design in Ljubljana, featuring internationally recognized graphic designers and lecturers such as Stefan Sagmeister, Martin Woodtli, Gordon Young, and Alain Le Querrec. Besides my formal education, I also attended a French language course through the ŠOLT organization. In 2011, I passed the IELTS international English language examination.

Web developer

I am currently working as an independent entrepreneur, focusing on developing comprehensive programming solutions. I have two applications available online on the GitHub platform at <https://github.com/janlebar/janlebar>, which can be accessed through the following links: <https://handyman.fly.dev/> and <https://sideeffect-nextjs-janlebar.vercel.app/>.

FCB Ljubljana - Advertising Agency

Graphic Designer

During my time at FCB Ljubljana, I worked as a graphic designer, honing my skills on various projects, including design work for KISIKON, political campaigns, Canabio Vet, and various products.

Siti Theater

Graphic Designer

I served as a graphic designer for Siti Theater, designing posters for Metrolight, Tamtam posters, banners, flyers, and other graphic materials to support and promote the theater's performances.

Van Abbemuseum, Netherlands

Web Editor and Graphic Designer

At Van Abbemuseum, I initially worked as an assistant to curator Steven ten Thie, but due to my graphic design skills, I took on responsibilities for editing and designing e-books and promotional materials. I also contributed to editing the L'Internationale on-line website and participated in curatorial work for exhibitions and collection comparisons between museums as part of the L'Internationale program.

Tate Liverpool, Liverpool, UK

Publication Editor

During the Art Turning Left exhibition at Tate Liverpool, I assisted artist Alistair Hudson and led workshops for visitors. I was also part of the editorial team that contributed to a special publication released by the Office of Useful Art.

Petrol d.d.

Web Editor and Graphic Designer (Work during studies)

While studying, I worked at Petrol d.d. in the marketing department under the guidance of Boštjan Vihtelič. My tasks included graphic design for advertising and creating dynamic flash banners for websites and screens at gas stations. I also edited the website www.petrol.si.

Makro 5 d.o.o.

(Work during studies)

I worked as an assistant in the design department, assisting with plan creation using AutoCAD software.
